APEXX 8R
VCA CERTIFIED

The VCA-certified APEXX 8R delivers the best performance and quality that NVIDIA® Quadro® has to offer. BOXX and NVIDIA®'s rigid testing ensures that your rendering needs are GPU-accelerated on a VCA-certified system for selected renderers. For expandability, mobility within your deployment, and unmatched performance, a VCA-certified system is your best solution to accelerate your design and production workflows.

KEY FEATURES

- Up to 8 NVIDIA® Quadro™ professional graphics cards by utilizing PCIe Gen 3 Switch Risers

- Enable mobility, allowing accessibility anywhere to the power of a VCA Certified System

- Drive predictable and accurate physically based realism with Iray for fully interactive design review processes

- Designed for your data center with fastest interconnectivity and scalability
